**HARVESTING WOOD IN HILLSBOROUGH, MERRIMACK, or ROCKINGHAM COUNTY?**

Hillsborough, Merrimack, and Rockingham County are in the emerald ash borer quarantine area (towns listed on reverse). Wood products harvested in quarantined areas may be subject to the quarantine and require certification if they are to be legally moved out of the quarantined area. **You must have a signed compliance agreement from the state and / or feds to legally move ash logs, pulp, chips, lumber, and hardwood firewood out of Hillsborough, Merrimack, or Rockingham County. Regulated articles must travel with paperwork to be in compliance.** Violations of the emerald ash borer quarantine result in fines and penalties. Please see below information about articles subject to regulation. Keep in mind that this list may not be exhaustive. For additional information or to request a compliance agreement, please contact: 271-2561 or piera.siegert@agr.nh.gov
